Technical Textiles Clothing

POLICE UNIFORM DARK BLUE COLOR TC 65/35 210GSM

Description

Police uniform is designed for police in consideration of their working environment and practical needs. The most common fabric used is 65% polyester 35% cotton.

This composition has made the clothes breathable and resistant at the same time. Reactive dyes is the best choice for dyeing and printing so that the color fastness of lighting, washing and rubbing could reach level 4. Multi-pockets, and velcro designed on top jacket and pant have provided multi-function and satisfy the police 's practical missions demands.

TACTICAL VEST-SYNCHRONO Plate Carrier Vest is a rugged yet lightweight MOLLE (Modular Light Load Carry Equipment) compatible tactical vest designed to provide ballistic protection with four plate armor pocket inserts (armor plates not included). The vest features four inner plate pockets on front and back, each with an inner loop area. The vest is designed to fit soft or hard plate armor for ballistic protection. Front Pocket Dimensions: 13 5/8 Inch X 11 1/8 Inch X 1 Inch | Back Pocket Dimensions: 12 Inch X 11 1/8 Inch X 1 Inch. The vest fits medium or large swimmer / SAPI / ESAPI plates up to 10.25 Inch X 13.25 Inch. It includes removable hook and loop straps and quick-release buckle straps for a fully adjustable fit. Side armor plate pockets are up to 6 Inch X 7 Inch. The vest features MOLLE (Modular Light Load Carrying Equipment) woven MOLLE on the front and back for attaching patches, twigs, and other accessories. It has adjustable padded shoulder straps with hook areas on the bottom and quick-release buckles for a heavy material composition for optimum durability without compromising mobility. The vest has a breathable padded mesh interior for a comfortable fit and a rear emergency drag handle. Soft and plate armor are not included.
